

Welcome to MS NAVILUX, the artistic gallery

As we have carefully planned every detail on MS Navilux with assistance of the best naval architects and interior designers from Croatia and Slovenia, final result is modern and elegant interior. Comfortable and airy space on MS Navilux called for unobtrusive yet contemporary, fresh, lively artistic images full of *joie de vivre*. Our search ended when we met Mirna Sišul whose work enchanted us.

We have decided that MS Navilux will be art gallery for her Tribute to Divas collection

Mirna Sišul, born in Rijeka, Croatia 1977.

Graduated at School of Applied Arts in Rijeka (sculpture designer) and the Academy of Applied Arts in Rijeka in the class of Ksenija Mogin, the academic painter .

Mirna has participated in many group exhibitions in Croatia, Slovenia and Hungary. She has won several awards for painting. Her works are parts of many public and private collections (Rovinj Heritage Museum, holdings of Art Gallery Fonticus Groznjan, National University of Trieste ...)

Mirna had twelve solo exhibitions.

She is a member of Croatian Association of Artist (HDLU).

Beside painting, Mirna is engaged in illustration and design as well.

It was not the long list of prizes and acknowledgments she received that convinced us to choose her paintings, but the paintings themselves.

We invite you to visit her on-line gallery on her Facebook profile, while here we are presenting part of collection from MS Navilux.
